

DIGESTIVE SUPPORT

Digestive Support - breaks down and assists the stomach acid in breaking down food into nutrients.

MORNING PACK

- Provides nutrients to help support a healthy gastrointestinal system
- Helps improve regularity
- Contains digestive enzymes to assist in proper digestion of foods
- Helps the body expel digested fats and reduce excess fat storage and weight

Digestive Support contains a unique blend of enzymes intended to help the digestive system break down proteins, fats, carbohydrates, and even fiber. Our Digestive Support formula is active in a broad range of stomach acidity; a variable, if not addressed, that can fail to provide help in the digestion of protein. This new proprietary formula also includes three trademarked and clinically studied enzyme blends (Glutalytic®, ProHydrolase® and DE111® *Bacillus subtilis*) that support the healthy digestion of gluten, supports regularity and when combined with IDNutrition Probiotic, supports healthy immune function and normal fat metabolism.*

Supplement Facts

Serving Size 1 capsule

Servings per container ??

	Amount per serving	%DV
Glutalytic® (containing)	117mg	
Endopeptidase	25,000 HUT / 167 SAPU	*
Exopeptidase	41 DPPIV	*
Gemini Amylase Complex (containing)	62mg	
Fungal Amylase, Bacterial Amylase	10,000 DU	*
ProHydrolase® (containing)	50mg	
Protease Enzyme Blend	17,500 HUT	*
Peppermint Leaf Powder	40mg	*
Lactase	1,000 ALU	*
Lipase	2,000 FIP	*
Papain	250,000 PU	*
Xylanase	650 XU	*
Alpha Galactosidase	75 GalU	*
<i>Bacillus subtilis</i> DE111®	1 Billion CFU	*
