* Daily Value not established

Heart Health provides of synergistic blend of ingredients specifically selected for cardiovascular support. The Proanthocyanidins found in Grape Seed Extract, along with Vitamin K2 (Menaquinone-7), are powerful cardio protective compounds. Grapes contain flavonoids, which can have antioxidant effects that help to promote healthy circulatory and cardiovascular functions. Vitamin K2 helps activate the proteins that regulate where calcium ends up in the body. This powerhouse vitamin is essential to maintaining healthy bones and a healthy heart.*
