

IMMUNE SUPPORT

Immune Support is designed to support optimal immune health through a carefully chosen blend immune boosting ingredients.

MORNING PACK

- Contains a carefully chosen combination of antioxidant free radical scavengers
- Provides a nutritional boost to the immunesystem and overall energy levels

Immune Support is designed to enhance optimal immune health. IDLife's Immune Support formula provides Andrographis Paniculata, a well-studied botanical that has demonstrated reduced upper respiratory symptoms of flu-like symptoms and supports the body's natural immune system to help shorten the duration of all measured symptoms of the common cold relative to a control placebo. Vitamin C and Quercetin are added for antioxidant support and an extra immune system boost. Zinc is an essential trace metal that plays an important role in the structure of cells and a healthy immune system.*
