**Spirulina/Chlorella Blend** is a unique combination of the biologically active components of two Super Foods. Spirulina is a species of green algae that grows in fresh water and is a rich source of chlorophyll, antioxidants and phytonutrients. Spirulina provides Vitamin C and Zinc as well as the naturally blue protein Phycocyanin. Chlorella is a blue-green algae that also contains chlorophyll as well as vitamins and minerals that help with detoxification, immune system support and reduction of oxidative stress.\*
